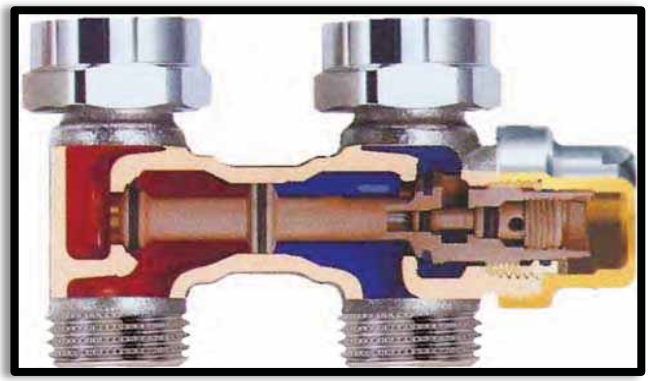
Towel Hangers… 7



Part #	Description	List Price Each
1011	**Thermostat M30 x 1.5** Designed to be mounted on all thermostatic bodies and radiators with integrated valves which have an M30 x 1.5 thermostatic insert. The best temperature sensor motor available, locking temperature position feature Setting numbers 1 to 5 (43 °F to 82 °F | 6 °C to 28 °C) Frost Protection. Maximum sensor temperature environment 122 °F (50 °C)	41.10
1014	**Thermostat M30 x 1.0** Designed to be mounted on all thermostatic bodies and radiators with integrated valves which have an M30 x 1.0 thermostatic insert. Setting numbers 1 to 5 (43 °F to 82 °F | 6 °C to 28 °C) Frost Protection. Maximum sensor temperature environment 122 °F (50 °C)	39.05
1016	**Thermostat M30 x 1.5 Polished Chrome** Designed to be mounted on all thermostatic bodies and radiators with integrated valves which have an M30 x 1.5 thermostatic insert. The best temperature sensor motor available, locking temperature position feature. Setting numbers 1 to 5 (43 °F to 82 °F | 6 °C to 28 °C) Frost Protection. Maximum sensor temperature environment 122 °F (50 °C)	56.65
1165	**Low Profile Thermostat M30 x 1.5** Designed to be mounted on all thermostatic bodies and radiators with integrated valves which have an M30 x 1.5 thermostatic insert. The best temperature sensor motor available, locking temperature position featur Setting numbers 1 to 5 (43 °F to 82 °F | 6 °C to 28 °C) Frost Protection. Maximum sensor temperature environment 122 °F (50 °C)	25.50
1166	**Low Profile Thermostat M30 x 1.0** Designed to be mounted on all thermostatic bodies and radiators with integrated valves which have an M30 x 1.0 thermostatic insert. Setting numbers 1 to 5 (43 °F to 82 °F | 6 °C to 28 °C) Frost Protection. Maximum sensor temperature environment 122 °F (50 °C)	35.15
1180	**Manual Temperature Adjuster Head**	11.50
1225	**Remote Thermostat w/ 6½' Capillary M30 x 1.5** Designed to be remotely mounted for all thermostatic bodies and radiators with integrated valves which have an M30 x 1.5 thermostatic insert.	123.60
1226	**Remote Thermostat w/ 16' Capillary M30 x 1.5** Designed to be remotely mounted for all thermostatic bodies and radiators with integrated valves which have an M30 x 1.5 thermostatic insert.	136.50
3082	**Remote Thermostat w/ 25' Capillary M30 x 1.5** Designed to be remotely mounted for all thermostatic bodies and radiators with integrated valves which have an M30 x 1.5 thermostatic insert.	142.25
1017	**Vandal Guard for #1011 Thermostat** Vandal proof ring for thermostats #1011	5.70
1019	**Vandal Guard for #1165 Thermostat** Vandal proof ring for thermostats #1165	16.15

radiator **accessories**

Part #	Description	List Price Each
1045	**Right Angle Adapter M30 x 1.5** 90 degree angle adapter for thermostats M30x1.5 x M30x1.5 Surface: White	27.05
1055	**Thread Adapter M30 x 1.0 to M30 x 1.5**	17.00
1088	**⅜" BSP Automatic Air Vent** Automatic air vent ⅜" Size: ⅜" max temperature: 230°F (110°C)	25.70
1185	**Single Entry Valve Side Feed (Less Fittings)** Single-Entry valve for side mount installation with immersion pipe, for radiators with lateral single-point connection	60.00
1186	**Single Entry Valve Bottom Feed** Single-Entry valve for bottom feed radiators with immersion pipe, for radiators with a lower single-point connection.	60.00
6020C	**⅜" Chrome Insert Fitting for Radiator Valve** Single Entry valves or any fitting that has ¾" Euroconus	9.05
6021C	**½" Chrome Insert Fitting for Radiator "H" Fitting** Single Entry valves or any fitting that has ¾" Euroconus	9.05
6022C	**⅝" Chrome Insert Fitting for Radiator "H" Fitting** Single Entry valves or any fitting that has ¾" Euroconus	9.05
1057	**Angle "H" Bypass Fitting L / Connection Pieces**	46.90
1058	**Straight "H" Bypass Fitting L / Connection Pieces**	46.90
1340	**Straight "H" Fitting Crossover ("Oops Fitting")**	31.25
1059	**Angle two pipe valve set w/ white plastic cover**	215.55
1060	**Straight two pipe valve set w/ white plastic cover**	215.55

Part #	Description	List Price Each
1694E	½" RH Side Angle Euroconos Radiator Valve (Less Fittings)	46.00
1694	½" RH Side Angle Radiator Valve	56.40
1695E	½" LH Side Angle Euroconos Radiator Valve (Less Fittings)	46.00
1695	½" LH Side Angle Radiator Valve	56.40
1889E	½" Angle Euroconos Radiator Valve Body (Less Fittings)	24.20
1889	½" Angle Radiator Valve Body	32.95
1890	¾" Angle Radiator Valve Body	42.10
1891	1" Angle Radiator Valve Body	59.75
1892	1 ¼" Angle Radiator Valve Body	104.55
1264	½" Straight Radiator Valve Manual Adjustment Only	24.10
1265	½" Angle Radiator Valve Manual Adjustment Only	24.10
1991E	½" Straight Euroconos Radiator Valve Body (Less Fittings)	24.20
1991	½" Straight Radiator Valve Body	32.95
1992	¾" Straight Radiator Valve Body	42.20
1994	1" Straight Radiator Valve Body	59.75
1995	1 ¼" Straight Radiator Valve Body	104.55
1880	½" Reverse Angle Pattern Valve	34.25
1881	¾" Reverse Angle Pattern Valve	44.05
1291E	½" Angle Euroconos Union Shutoff (Less Fittings)	15.00
1291	½" Angle Union Shutoff	22.15
1292	¾" Angle Union Shutoff	27.30
1293E	½" Straight Euroconos Union Shutoff (Less Fittings)	15.00
1293	½" Straight Union Shutoff	22.15
1294	½" Straight Combi "2" Cop x Cop Union Shutoff	28.35
1295	¾" Straight Combi	27.30
1167	½" Polished Chrome Tee for Electric Element T-piece, chrome plated ½" M x ½" F x ½" F Surface: Chrome Plated	108.10

radiator **accessories**

Part #	Description	List Price Each
1168	**½" Polished Chrome Straight Radiator Valve** Straight, polished chrome for M30 x 1.5 thermostatic inserts maximum delivery water temperature: 248°F (120°C)	129.80
1169	**½" Polished Chrome Side Angle Radiator Valve** Angle polished chrome for M30 x 1.5 thermostatic inserts maximum delivery water temperature: 248°F (120°C)	129.80
1170	**½" Polished Chrome Straight Union Shutoff** Straight polished chrome lock shield valve maximum delivery water temperature: 248°F (120°C)	129.80
1171	**½" Polished Chrome Angle Union Shutoff Valve** Angle polished chrome lock shield valve maximum delivery water temperature: 248°F (120°C)	129.80
1301	**Flat sealing "H" fitting Euroconos cone adapter**	4.20
1028	**Panel Nipple to Receive Fittings**	4.65
EE 300	**Electric Element 300 Watts**	110.25
EE 500	**Electric Element 500 Watts**	114.00
EE 900	**Electric Element 900 Watts**	134.75
1648	**¾" Euroconus 90**	17.35
1183	**Flow Rate Key** Presetting key valve series	3.25
HRDB50	**Pipe Trim**	5.45

radiator **accessories**

Part #	Description	List Price Each
1368	½" Female Union Nut	19.45
1027	Compression Fitting for ½" Copper	9.05
590014	1/2" Rotating Airvent	2.65
1270	Valve Insert for Radiator Valves	10.85
5021	¾" Diverting Valve with Tail Pieces	219.05
5022	1" Diverting Valve with Tail Pieces	267.70
1967	½" Copper Tail Piece	4.65
1968	¾" Copper Tail Piece	7.20
3080	Temperature Controller 86-140 °F	229.85
3081	Temperature Controller 104-158 °F	229.85
5032	1" FPT Thermostatic Mixing Valve 85-120 °F	228.10
5032A	1" FPT Thermostatic Mixing Valve 110-140 °F	228.10
